

TABLE OF CONTENTS FOR TEXT

Division 100-General Provisions

Section 101-Definitions and Abbreviations

Division 200-Site Protection and Prevention

Section 201-Temporary Erosion, Sedimentation, and Water Pollution Prevention and Control

Section 202-Landscaping

Section 203-Site Preparation

► Survey Monumentation Standards

Division 300-Roadway Construction

Section 301-Subgrade, Subbase, and Base Preparation

Section 302-Asphalt Pavement

Section 303-Portland Cement Concrete Pavement

Section 304-Solid Concrete Interlocking Paving Units

Section 305-Miscellaneous Roadway Construction

Division 400-Roadway Maintenance and Rehabilitation

Section 401-Crack Sealing

Section 402-Pavement Cut, Excavation, and Repair

Section 403-Asphaltic Pavement Repair

Section 404-Surface Treatments

Section 405-Ultra Thin Concrete Paving (Whitetopping)

Division 500-Underground Conduit Construction and Appurtenances

Section 501-Underground Conduit Materials

Section 502-Appurtenances

Section 503-Trenchless Installation

Section 504-Open Cut-Backfill

Section 505-Open Cut-General Conduit Installation

Section 506-Open Cut-Water Conduit Installation

Section 507-Open Cut-Wastewater Conduit Installation

Section 508-Open Cut-Storm Water Conduit Installation

Section 509-Crossings

Division 600-Conduit and Appurtenance Rehabilitation

Section 601-Rehabilitation of Manholes or Underground Vaults

Section 602-Abatement of Coatings Containing Certain Heavy Metals

Division 700-Structures

Division 800-Miscellaneous Construction and Materials

Section 801-Barriers, Warning and Detour Signs, and Fences

Section 802-Slope and Channel Protection

Section 803-Painting and Other Protective Treatments; Pavement Marking

Section 804-Electrical Components and Conduit

Section 805-Reserved
